OUTSIDE LANDS
SAN FRANCISCO GOLDEN GATE PARK

The Outside Lands Compass

Your digital ranger for Golden Gate Park.
Never lose your way in the mist.

Golden Gate Park is Massive

Navigating stages, crowds, and services in this environment requires more than a paper map—it requires a field guide.

From Paper Maps to Augmented Reality

The Old Way:
Guessing orientation
and fighting through
crowds.

The Compass Way:
Real GPS overlaid on
your camera feed. Just
point your phone and
follow the path.

The Ranger's Toolbelt

Find your favorite artists. Instant routing to Lands End, Sutro, and Twin Peaks.

Fast routing for safety. Precision directions to the nearest medical tent when seconds count.

Seek out the oasis. Locate the closest high-flow hydration station based on your exact coordinates.

The most important journey. Skip the wandering and find the nearest facilities immediately.

Anatomy of the Compass

Category Filters: 
Toggle exactly what you are hunting for in the park.

AR Camera View: 
The real world, augmented with your destination.

Real GPS Anchor: 
Ensures sub-meter accuracy even in festival crowds.

The Radar: 
A 360-degree top-down orientation tool to track targets outside your camera's field of view.

Navigation Card: 
Exact distance in feet and estimated walk time.

Mission 1: Don't Miss a Set

Target: Lands End Stage | Distance: 599 ft (2 min walk)

Head West across the Polo Field. The app guides you through the crowd directly to the main stage, updating your ETA in real-time.

Mission 2: Seek Out the Oasis

Target: Polo Field Water Station NE | Distance: 687 ft (3 min walk)

Free high-flow water is never far. Track down the closest hydration point North-East of the main track before the next set begins.

Mission 3: The Most Important Journey

Target: Restrooms E | Distance: 862 ft (3 min walk)

With four major restroom zones ringing the Polo Field, the Compass cuts the guesswork. It instantly calculates and directs you to the closest facilities near the East corner.

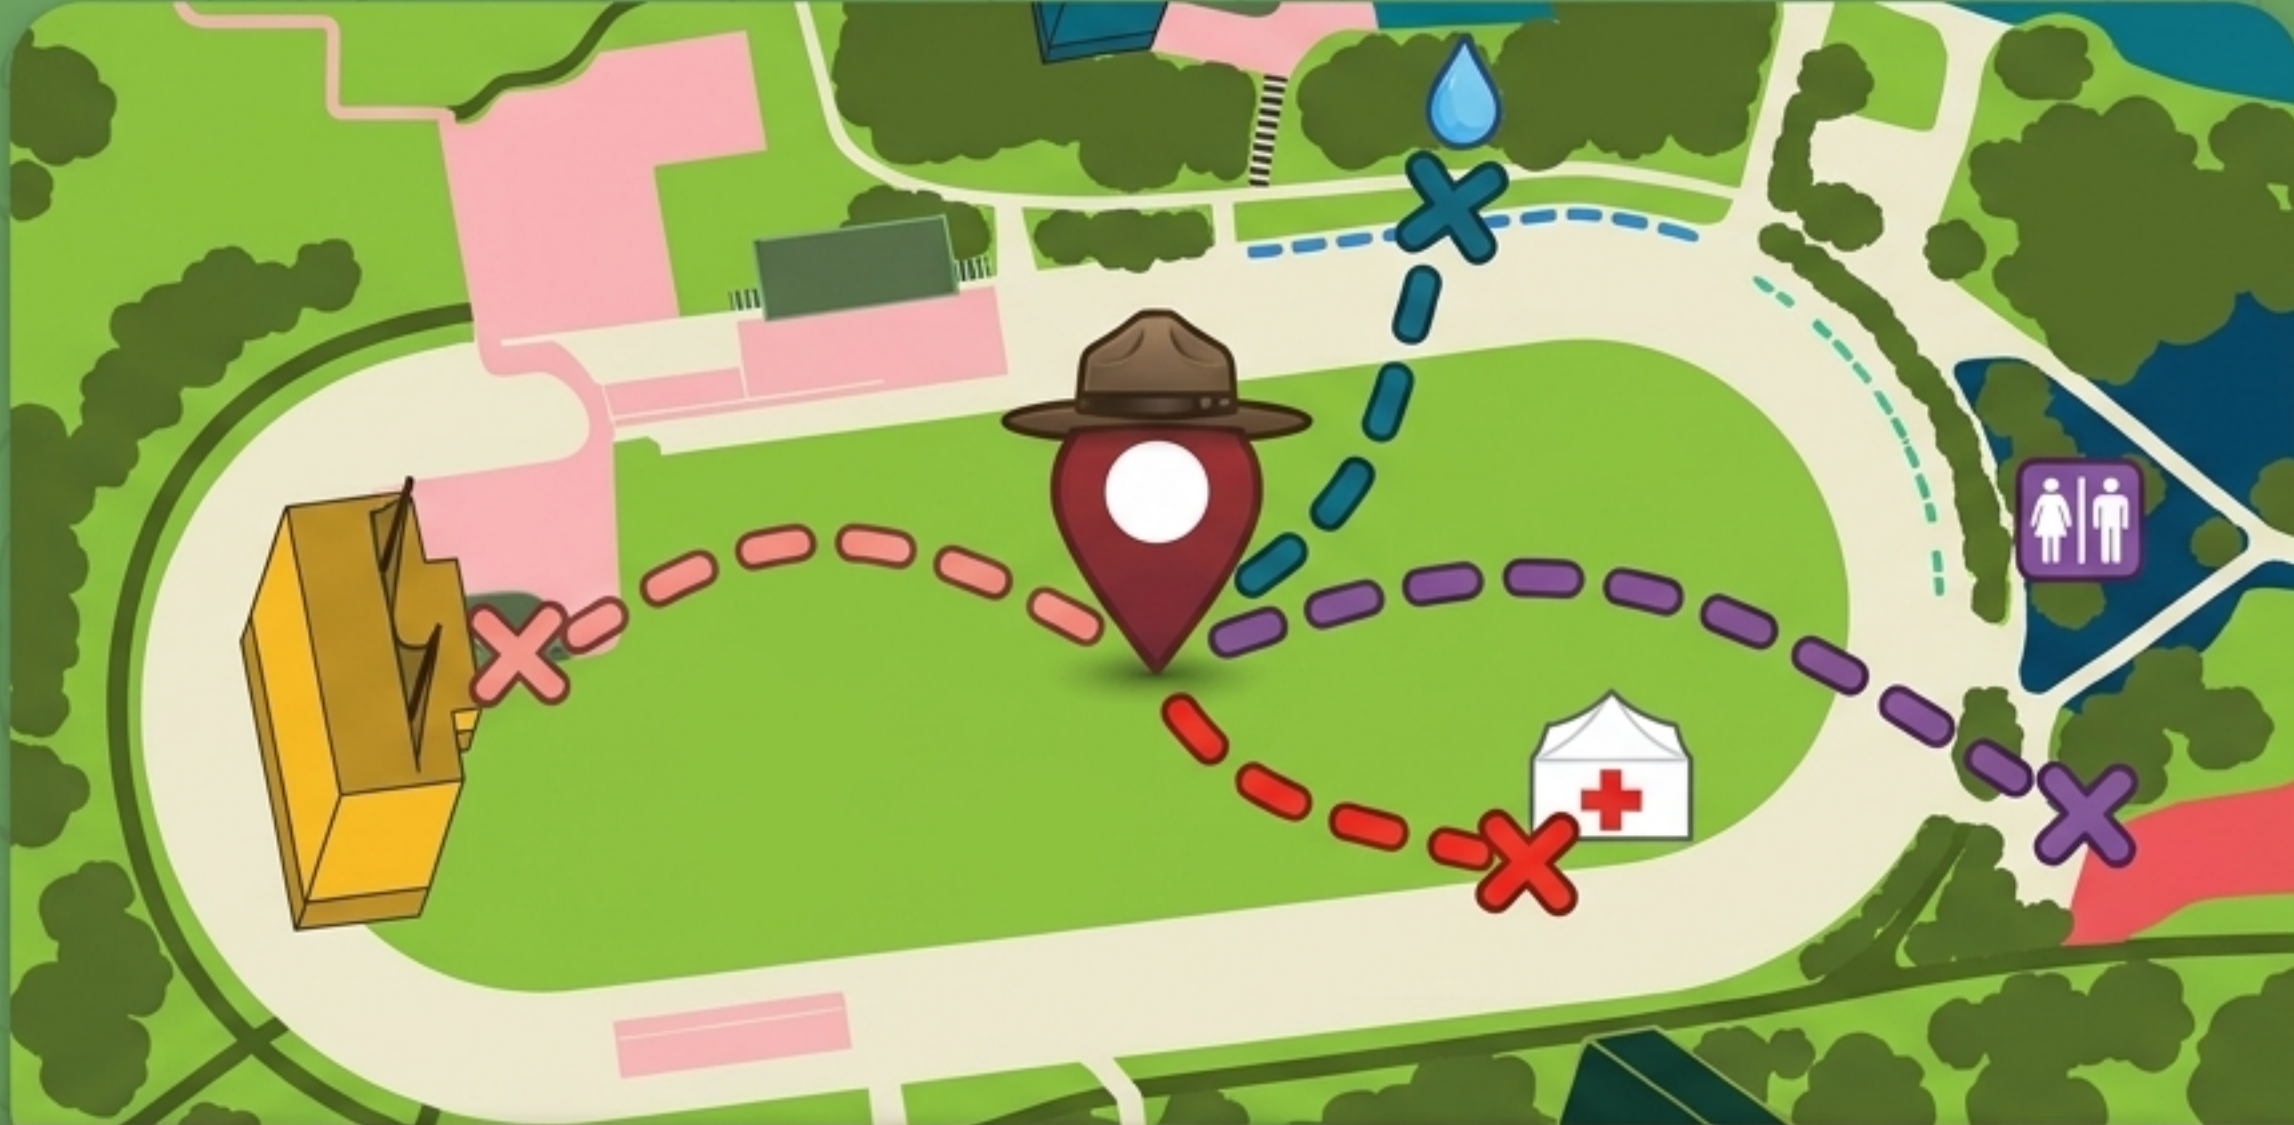

Mission 4: Safety First

Target: Lands End Medical | **Distance:** 426 ft (2 min walk)

In an emergency, seconds count. The app provides immediate, precise directions toward the center of the Polo Field by the Northern Tunnel, ensuring help is always just a glance away.

Total Situational Awareness

Wherever you stand, the Outside Lands Compass dynamically maps your immediate ecosystem. Every vital destination—music, water, facilities, and safety—is just a few hundred feet, and one screen tap, away. You are the center of the grid.
